## Rated "best"

**NY Times**: "The computer-obsessed will revel in the Guide. It covers just about every subject in the microcomputer universe."

**Wall Street Journal**: "Russ is a computer expert. His students are grateful. He's influential."

**Boston Globe**: "Russ is a unique resource, important to beginning and advanced users. His Guide is down-to-earth."

**Chicago Tribune**: "The Guide's the best computer book, a cornucopia of computer delights written by a great altruist."

**Dallas Times Herald**: "Easily the best beginners' book seen, it's not just for beginners. It makes everything simple."

**Silicon Valley's "Times Tribune"**: "This book makes learning not just fun but hilarious, inspiring, and addicting."

**Australia's "Sydney Morning Herald"**: "The Guide's the best computer intro published anywhere in the world."

**England's "Manchester Guardian"**: "Russ is a welcome relief. His Guide's an extraordinary source of information."

**PC World**: "Russ is the user's champion. Nobody does a more thorough job of teaching PC technology."

**Christian Computing**: "The Guide's the most comprehensive computer reference. Nothing else comes close."

**Popular Computing**: "Russ is king of the East Coast computer cognoscenti."

**Personal Computing**: "Russ's approach to text-writing sets a new style that other authors might do well to follow."

**Computer Currents**: "Russ is a folk hero. The Guide should be next to every PC in the country."

**School Library Journal**: "The Guide's a gold mine of information. Buy it; you'll like it."

**BookLovers Review**: "It's the best computer intro you can buy, a miracle, a must-have for beginners and experienced users."

**Boston Computer Society**: "Russ is years ahead of the pack claiming to have ways of instructing computer novices."

**Texas's "Golden Triangle PC Club"**: "The Guide's a joy. It stands above the crowd of computer books that can't compete."
