## PRESIDENT'S CHAT

Please remember questions regarding your retirement, benefits, and IBM policies should be directed to IBM Benefits at 1-800-796-9876. Several developments have managed to get into the spotlight over the past few weeks. Here is the list:

1. The Cooper Settlement. Those people who have accrued benefits under the IBM Personal Pension Plan between 1/1/1995 and 6/30/1999 may receive additional benefits. You will receive a notice from IBM if it applies to you. You may want to check <http://www.coopersettlement.com/subclass1and2/> for a description of the case.
2. IBM data tapes lost while being transported by a vendor. These tapes contained employment related information including the personnel data of many current and former IBM employees. Concern over identity theft has prompted IBM to offer a paid subscription to a credit monitoring company. Barbara Brickmeier of IBM Human Resources has offered a list of telephone numbers at Kroll Inc. (at least that's the company I was referred to) where any questions relating to this incident will be answered. IBM is convinced the loss of the tapes was not a malicious act and joining a credit monitoring company is strictly optional. The truth is it may not be such a bad idea to have this service available to you.
3. End of mailing a hard copy of this newsletter is within sight. Postal rates have risen and available help is declining. We may chose to postpone the inevitable by sending the newsletter every other month but this does not bring in people to label, fold, pack and mail the newsletter. Presently 1750 newsletters are mailed each month. For a club of over two thousand members, why have only the same few folks shown up each month to do this? Can you help? Please send your name and telephone number to Clara DePaul [rj13clar@aol.com](mailto:rj13clar@aol.com) or call her at (408) 294-7041 so she can contact you when help is needed. Also, please consider receiving your newsletter via the Internet. Contact Ed Mueller [ibmsjrc@hotmail.com](mailto:ibmsjrc@hotmail.com) and he will notify you by e-mail when the online newsletter is available.

On a more pleasant note our annual picnic was again a roaring success. Old friends renewed acquaintances and good food and fun was had by all. It was great seeing so many of you there.

Summer will be here shortly, let's get out there and enjoy it.

The photo below shows the old IBM plant site with buildings 51, 28, 26, 12, 10 all removed. The pond and green area around it with trees and grass is gone as well. Highway 85 is along the bottom of the photo. Cottle Road is on the left. Building 25 is still in the upper left corner of the property. Lowe's plans to build there as soon as the City Council says OK. Aerial photo by Bill Walters Aircraft piloted by Carmen D'Agostino. For more photos, see: <http://tinyurl.com/2sy9jy>

## Sunshine Report

Nobody has called me to let me know anything, but you know how I am, I do find out some things. I do know that someone had rotator cup surgery and is coming along OK. I also heard that someone had gall stones removed and they are doing OK. I guess you didn't want me to know you are sick. Or maybe you weren't, I sure hope not. Well folks, I want you all to stay well this summer.

### BBQ at Guglielmo Winery Thursday, July 19, 2007

Many years ago the Quarter Century club sponsored a BBQ lunch at this winery and it was a big hit. Then it disappeared. We would like to bring it back. The winery has a beautiful venue for such an event, and if you have been to Tuscany, you will see the resemblance when you look out over the vineyards to the distant hills. Couple the view with BBQed sausages, salad, garlic bread and some terrific wine and you have a fine day in the making.

Cost is \$25 per person. The event will start at 11:30 AM and end at 1:30 PM. Guglielmo winery is on E. Main street in Morgan Hill, east of Highway 101. To sign up and get directions to this event,

### Horse Racing At Bay Meadows Saturday, September 29, 2007

Bay Meadows is still providing thrilling thoroughbred horse racing and the price remains the same. It is an easy bus ride to the track, with arrival just in time for a very good buffet lunch, and then time for a little handicapping before the first race.

As usual we will be in the comfort of the clubhouse with great views of the track, but still able to go down to see the saddling up and/or watch the races trackside. Whether you are a bettor or not, you will be caught up in the excitement of the 8 or 9 race schedule and the colorfully attired jockeys and the beautiful horses.

The cost is \$46.50, a bargain for a wonderful day. We leave at 11 AM and arrive home around 6 PM. If you would like to join us for a day of excitement, color and potential profit,

# Hikes

## Loch Lomond Hike

**Friday, June 22, 2007, 10:00 AM**

Our June hike will be in an area we haven't hiked before – Loch Lomond Recreation Area in the Santa Cruz Mountains. Loch Lomond is a reservoir supplying water to the City of Santa Cruz. The area provides a unique mountain lake environment. The watershed contains a forest mostly comprised of young redwoods and Douglas fir. The lake is popular for fishing and is stocked regularly with rainbow trout.

This 4.9-mile loop hike is moderately difficult, with about 800 feet in elevation change. Although this hike is short, there are several very steep stretches. We'll take a route that initially sticks to the shores of the reservoir, and then climbs to a ridge with great views before descending back to the trailhead. We will stop for lunch along the trail.

To get to the park, travel south on Highway 17 to Scotts Valley. Take the Mt. Hermon road exit. Follow Mt. Hermon Road into Felton (about 3.5 miles). Turn left onto Graham Hill Road. Go about ½ mile to East Zayante Road. Turn left. Go about 2.5 miles to Lompico Road. Turn left. Go about 1.5 miles to West Drive. Turn left. Go about ¾ mile to Sequoia Drive. Turn right. Follow Sequoia Drive to the park entrance.

There is a \$4 per car entrance fee, which you can pay at the park store, as the kiosk is empty on weekdays. People wanting to car pool, meet at the Camden Park & Ride (Camden & Hwy 85) at 9:00. Don't forget lunch and water. We also recommend hiking boots and poles, and insect repellent as there may be mosquitoes.

## Portola Redwoods State Park Hike

**Friday, July 20, 2007, 10:00 AM**

The July hike will feature yet another of the beautiful parks on the peninsula – Portola Redwoods State Park. The park has a rugged, natural basin forested with coast redwoods, Douglas fir, and live oak. The park has one of the tallest redwoods (300 feet high) in the Santa Cruz Mountains. We will be taking a 5 mile loop hike that is described as moderate. The hike begins at about 400 feet, descends to about 350 feet, then gradually climbs to about 500 feet, then back to the trailhead, so the total elevation change is about 500 feet.

To get to the trailhead, take highway 9 into the Santa Cruz mountains going west. Continue on highway 9 until the intersection with Skyline Boulevard (CA 35). Turn right, and drive till you reach the intersection with Alpine Road (around 6 miles). Turn left and drive west about 3 tortuous and winding miles on this narrow road. Turn left onto Portola State Park Road, and drive on the tiny and unpredictable road the remaining 3 miles to the entrance kiosk. Continue another 0.4 mile to the parking area near the ranger station. If possible, park in the Madrone lot (to the left just before the ranger station), or in the spots past the ranger station and across the bridge, on the right side of the road.

Note that there is an entrance fee (self payable if facilities are unstaffed). Due to the mountain road driving we described above, you should probably allow about 1-1/4 hours to get to the park. Drive slowly and enjoy the scenery! Carpoolers should meet at the Camden Park and Ride (Camden & Highway 85) at 8:45 AM. to allow enough time to get to the park by 10 AM. Bring lunch and water, and maybe some insect repellent in case mosquitoes decide to join us.

## Comments from your Membership Director

**We are undergoing some changes in the way we print and mail our newsletter. Notice that instead of using adhesive labels, your address is printed on the cover sheet. This includes a postal bar code which slightly reduces mailing costs.**

**Every month after the newsletter is printed, we have a work party at the plant to fold the newsletters and apply closure tabs to prevent damage by the automatic sorting machines at the post office. We need more volunteers. It takes about an hour and a half. If you can help, call Clara De Paul at 294-7041 to be put on her list. We need a larger list because not everyone can come each time.**

**I get a lot of notices from the post office for members who moved but did not notify me in time to update their addresses. Each of these notices costs the IBM Club \$1.50. The notices are slow coming back to me, so there are usually two notices before the corrected address is used on a mailing. Please send me your address change as early as possible. See the address change box which appears on Page 2 of every issue.**

## IBM Club Web Site for Retirees

In the past, in order to access the IBM Club web site, you had to be an IBM employee. Retirees could not access the site. Recently, IBM has made an IBM Club web site available for IBM retirees. It is a global web site containing information about IBM Clubs all over the world.

In order to access this web site, you must first register. Then you can subscribe to whatever IBM Club is closest to where you live or to multiple IBM Clubs. Our local club is the Silicon Valley IBM Club.

The address of the web site: [www.ibm.com/ibm/ibmclub](http://www.ibm.com/ibm/ibmclub)

Once you get there you will need to provide an e-mail address and provide a password in order to register. You must also specify which IBM Club you are interested in.

## Swap'N'Shop

Do you remember the old Swap 'N' Shop board in the cafeteria? You could submit a 3x5 card and it would be posted describing the things you wanted to sell or buy. Well, it is now online. IBM employees and retirees can participate. On the first day, more than 100 items were posted and 10 times that number of employees browsed through the site.

## Discount Web Site for IBM Retirees

There is a new web site that IBM retirees can use to obtain discounts on a wide variety of products and services from many companies.

## IBM Retiree ID Card

IBM retirees that have lost, or never had, or just cannot find their IBM Retiree ID card can call and get one. Call the IBM Employee Service Center: **1-800-796-9876**.

# Adopt-A-Highway

**Tuesday, May 8, 2007**

**We rescheduled** to support Caltrans/CHP First annual pickup litter day. The emphasis was to clamp down on unsecured and uncovered pickup trucks that seem to provide an endless supply of interesting finds and litter.

**Milestone:** we have filled over 2000 bags, 2037 to be precise, since we started in May of 2001. What an appropriate cleanup for us to break 2000.

**Welcome Sally Large**, our newest recruit! Her initiation was completed by finding an empty DVD porno case with an explicit picture on it. Her newbie quote: "I think this is a great thing to do! (lots of applause) Our area looked so good when we finished! McDonald's is on my hit list...most of my litter was McDonalds".

**Are we famous yet?** Our team is in a 6 minute video that was filmed eons ago. Its main message encourages people to adopt-a-highway. It will be shown at the picnic. The next showing will be at our Club's annual meeting. There are about six of us (and our sign) in the video...I don't think we will need theatrical agents.

**Sick leave:** Barbara Warner was back from sick bay after carpal tunnel surgery on both hands. She found a Mercedes emblem and asked "where's the rest of the car?"

**Thank you** Caltrans highway maintenance! In the gore (a little triangle park) between the 87 and Santa Teresa off ramps, we found a new drainage ditch filled with rocks with landscape cloth around it, replacing a bunch of little gullies that were hard to walk and clean.

**Failed dream:** our experiment failed with broadcasting flower seeds all last year. Alas, nary a flower or sprout!

**People worry about us!** A lady at the Santa Teresa off ramp was worried about the volunteers and inquired "Isn't it awfully hot for you?" They replied "today we only work until 11 am." She was visibly relieved and chirped "O good! I won't worry about you then."

**Bad news** for baseball league near freeway, they have no heavy hitters. Howard Hansen didn't find any baseballs...only a whiffle ball

**Chilling find:** a heavy cast iron "49ers" trailer hitch decorative cover, one of those accessories killed a motorist recently when it flew off and went through a windshield! Glad this one just killed some weeds.

**Big Money:** \$21.51 plus a half of a twenty dollar bill! We are planning to find the other half next month.

Bert Fry was the big money man finding a 20 dollar bill, dime, penny, 2 washers, and a marble.

Also recovered were two credit cards, and a Lowes' gift card (with zero balance). Phyliss Chai found and returned an Olive Garden pager and was rewarded with a ten dollar gift certificate.

**Schedule:** meet in **VTA Parking lot 8:45 a.m.**

## PC Club Meeting

Tuesday, June 12 2007, 5:00 PM, SVL

Marcia Holstrom, a Genealogy Instructor for MetroED's Older Adult program, will present: "Family History Research on the Internet: Skepticism is a Good Thing!" We are seeing more and more publicity about cousins finding each other on the Internet, and then with a couple of clicks on key URLs they have their genealogy back to William the Conqueror. This presentation will include a healthy dose of filtering advice, but will also demonstrate the use of some key URLs that may lead you down the appropriate information highway to reliable sources that can actually help you to prove you are related to W the C or even John Wayne. Marcia will discuss briefly the movement toward the use of DNA in family history research and also include some advice for beginning research and for keeping results in a usable, transferable and inheritable format. For directions to the meeting see: [www.sjpc.org](http://www.sjpc.org)

# Par Tee Golf

**Sunnyvale Municipal - May 21, 2007.** The "Shot(s)-of-the-Day" go to Nick Nomm and Tom Siljander. On Hole #4, a par 3, Nick putted from 12' 11." His ball came to rest at the edge of the hole. He could not believe that his ball could stop while "overhanging the hole," without dropping in! Then, as "good luck" would have it, his ball decided to end the suspense, and dropped in for "Birdie." (His teammates swear that an "ant" pushed the ball into the hole!) Then, on Hole #10, a par 5, Tom chipped in his shot from 30 yards out for par! Notes: Nick came in 1<sup>st</sup> on Hole #4, and Tom's team came in 1<sup>st</sup>! Great shots Nick & Tom! There were 37 golfers enjoying a beautiful day at Sunnyvale Muni.
