PRESIDENT'S CHAT

In an effort to avoid the recent increase in postal rates and reduce manual intervention we attempted further automation of the Newsletter mailing process. Unfortunately, although the operation was a success, the patient died. Apparently no two answers from the U.S. Postal Service are the same. What was acceptable in May was not acceptable in June. Consequently we were forced to mail June's Newsletter as First Class Mail (approximately double the cost of the previous month.) The Board of Directors unanimously voted NOT to mail July 's Newsletter but have it available online at www.sjpc.org/sjrc. Hopefully by August we will have a procedure acceptable to the U.S. Postal Service. If you know of anyone who does not have a computer at home and might enjoy receiving July's newsletter, please print a copy for him or her. I would like to thank those members who have elected to receive the newsletter online on a permanent basis, they have indeed uncomplicated our news distribution efforts. I would also like thank those folks who have volunteered to assist in mailing the newsletter. Their thoughtfulness is greatly appreciated.

Have a Happy Fourth of July.

Letters to the Editor

Retirees Goddard & Lynott Honored

On May 4, 2007, William A. Goddard and John J. Lynott were inducted into the National Inventors Hall of Fame in Akron Ohio, for their work on the Magnetic disc storage device in the 1950s at 99 Notre Dame, San Jose. This work began the Computer Age that we know today.

Bonnie Goddard Burnham, daughter of W. A. Goddard, accepted the award for her father. Also attending the ceremony were Dr. John J. Burnham, husband, Kevin J. Burnham, son from UC San Diego Medical School and Nancy R. Goddard, widow, from Tempe, Arizona.

Rita Lynott accepted the award for her husband. Also attending were four daughters: Stephanie, Susan, and Kevin Marie Lynott, and Elizabeth Westover of San Francisco.

The ceremonies at the Inventors Hall of Fame were very well done and very interesting.

Nancy Goddard

Dear Editor,

Since leaving the IBM Medical Department I have been involved in bringing much needed art to school children in Santa Clara County, (art in schools was discontinued with Prop.13).

The SJ Museum of Art is currently looking for additional volunteers to join their "Let's Look at Art" program. This free program is offered to the public and private classrooms of Santa Clara County. Docents lead students through a fun and interactive presentation with a broad selection of age appropriate art reproductions.

No art experience is needed. A series of thirteen training sessions will begin in October. The hours are flexible and the time commitment for the presentations could easily fit in with your activities. You decide your own schedule.

Please consider volunteering for this rewarding experience. You will make a significant difference in the children's art appreciation while learning and doing something you enjoy. Last year 40 docents presented art to over 25,000 students in SC County schools.

For more information, phone 408 291-5393 or vol4llaa@sjmusart.org.

Sunshine Report

Well here it is the last of June, the weather is really nice, and I guess you are too. I haven't heard from you, which makes me happy. That tells me you are doing just great, and maybe on vacation. So you see, prayers do help.

Angie told me about her husband, Ron Carter. On June 5, Ron was having chest pains, she called 911, and they got him right to the hospital. Then he had a heart attack. They ran some tests, found he needed a triple by-pass, so they did that. After the operation, he had a stroke. Well, to make this story short, Ron is now home. He came home June 17. They are staying with their daughter. Ron is having therapy at home every day. Angie said prayers do help. Angie is retiring from IBM for the 2nd time at the end of this month.

I visited Betty Bottoni who is in Good Samaritan Hospital. Betty fell in back yard and broke her hip. Gino Bottoni is in Vasona Rehab in Los Gatos. Betty hopes to be at Vasona soon. Don't know when they will be going home. But lets all say a little prayer for them.

And I know of others that had operations, and are doing OK. So to everybody recovering, I said a little prayer for you. Now you can get well. Everyone please take care, keep that smile on your face.

Topsy Thompson,
the Sunshine Lady!!

Day Trips

BBQ at Guglielmo Winery Thursday, July 19, 2007

Many years ago the Quarter Century club sponsored a BBQ lunch at this winery and it was a big hit. Then it disappeared. We would like to bring it back. The winery has a beautiful venue for such an event, and if you have been to Tuscany, you will see the resemblance when you look out over the vineyards to the distant hills. Couple the view with BBQed sausages, salad, garlic bread and some terrific wine and you have a fine day in the making.

Cost is \$25 per person. The event will start at 11:30 AM and end at 1:30 PM. Guglielmo winery is on E. Main street in Morgan Hill, east of Highway 101. To sign up and get directions to this event,

Contact: **Isobel or George Nale at 779-4275 or email us at gr4na@aol.com.**

Horse Racing At Bay Meadows Saturday, September 29, 2007

Bay Meadows is still providing thrilling thoroughbred horse racing and the price remains the same. It is an easy bus ride to the track, with arrival just in time for a very good buffet lunch, and then time for a little handicapping before the first race.

As usual we will be in the comfort of the clubhouse with great views of the track, but still able to go down to see the saddling up and/or watch the races trackside. Whether you are a bettor or not, you will be caught up in the excitement of the 8 or 9 race schedule and the colorfully attired jockeys and the beautiful horses.

The cost is \$46.50, a bargain for a wonderful day. We leave at 11 AM and arrive home around 6 PM. If you would like to join us for a day of excitement, color and potential profit,

Hikes

Portola Redwoods State Park Hike

Friday, July 20, 2007, 10:00 AM

The July hike will feature yet another of the beautiful parks on the peninsula – Portola Redwoods State Park. The park has a rugged, natural basin forested with coast redwoods, Douglas fir, and live oak. The park has one of the tallest redwoods (300 feet high) in the Santa Cruz Mountains. We will be taking a 5 mile loop hike that is described as moderate. The hike begins at about 400 feet, descends to about 350 feet, then gradually climbs to about 500 feet, then back to the trailhead, so the total elevation change is about 500 feet.

To get to the trailhead, take highway 9 into the Santa Cruz mountains going west. Continue on highway 9 until the intersection with Skyline Boulevard (CA 35). Turn right, and drive till you reach the intersection with Alpine Road (around 6 miles). Turn left and drive west about 3 tortuous and winding miles on this narrow road. Turn left onto Portola State Park Road, and drive on the tiny and unpredictable road the remaining 3 miles to the entrance kiosk. Continue another 0.4 mile to the parking area near the ranger station. If possible, park in the Madrone lot (to the left just before the ranger station), or in the spots past the ranger station and across the bridge, on the right side of the road.

Note that there is an entrance fee (self payable if facilities are unstaffed). Due to the mountain road driving we described above, you should probably allow about 1-1/4 hours to get to the park. Drive slowly and enjoy the scenery! Carpoolers should meet at the Camden Park and Ride (Camden & Highway 85) at 8:45 AM. to allow enough time to get to the park by 10 AM. Bring lunch and water, and maybe some insect repellent in case mosquitoes decide to join us.

IBM Club Web Site for Retirees

In the past, in order to access the IBM Club web site, you had to be an IBM employee. Retirees could not access the site. Recently, IBM has made an IBM Club web site available for IBM retirees. It is a global web site containing information about IBM Clubs all over the world.

In order to access this web site, you must first register. Then you can subscribe to whatever IBM Club is closest to where you live or to multiple IBM Clubs. Our local club is the Silicon Valley IBM Club.

The address of the web site: www.ibm.com/ibm/ibmclub

Once you get there you will need to provide an e-mail address and provide a password in order to register. You must also specify which IBM Club you are interested in.

Adopt-A-Highway

Thursday, June 14, 2007

True to the weather forecast it was sizzling hot by 9 AM. Our largest team ever (22) went out armed with water, sunscreen, and the admonition "come back in if it gets too hot."

This clean was the tale of the tail gate....Pat Motta cut up melon, and pineapple and brought in an ice chest. Sally Large made super brownies with fudge frosting....Nick Clason, driving to the clean, smelled donuts and followed the aroma to a donut shop and bought warm fresh donuts. By special request from Tom Clarke, Evie's homemade lemonade slaked our thirst.

Evie's Lemonade

1 cup **sugar**

1 cup **water**

3 **lemons**, juiced with pulp and seeds

1 **orange**, juiced with pulp and seeds

- make light simple syrup with 1 cup **sugar** and 1 cup **water** and boil for 5 minutes, stirring occasionally to dissolve sugar.
- Take off heat and add **juices** with pulp and seeds. This is now lemonade syrup. Cool. (this step blooms the flavor)
- Strain lemonade syrup into container and add 2 parts water to one part syrup....this is now lemonade...store in refrigerator. You will now have 32 oz. of lemonade.

To serve: pour lemonade into glass with ice. (Optional: garnish with mint sprig.) Sip and enjoy.

Lemonade tastes best when you have just picked up litter.

Big Money: We didn't find the other half of last month's twenty but we did find 72 cents and a 20 thousand dollar bill. Unfortunately the U.S. Treasury had nothing to do with printing it.

35 bags makes a 2072 total of bags to date.

Schedule: meet in **VTA Parking lot 8:45 a.m.**

PC Club Meeting

Tuesday, July 10, 2007, 5:00 PM, SVL

Jose Medeiros, former SAN Systems Engineer with Intel & IBM, will give presentations on Fiber Channel Storage Arrays and Building a Bootable CD. The Fiber channel Storage Arrays talk will cover the basics of fiber channel concepts on HP/ Hitachi Storage Works 5000 / 8000 Enterprise Virtual Arrays infrastructure technologies used by large enterprises. The Building a Bootable CD talk will cover using a free tool called Barts PE which is a free utility that allows you to create a bootable CD with a 32 bit Operating System that runs entirely in memory and has the ability to read NTFS drives without having to boot the machines actual OS. This makes spyware and virus removal exponentially easier because it is impossible for any file to be in use on the hard drive since the machine is not booting from it. It also makes registry repairs much easier because you do not have to use the cryptic, restricted recovery console that has very limited commands to recover a failed hard drive or a damaged Operating System. For more information, go to <http://www.nu2.nu/pebuilder/>. For directions to the meeting see: www.sjpc.org

Par Tee Golf

Rancho Canada-West, June 11, 2007: The "Shot-of-the-Day" goes to Jim Stonehouse. On Hole # 16, a par three, Jim chipped his ball into the cup from off the green for birdie. Great shot, Jim! And now, for a "Nature" story. On Hole # 14, a 336 par four dogleg left, Mike Kuhn hit his tee shot into the left rough, which runs along the Carmel River. Bill Avery, Alex Lilley and Mike went searching for Mike's ball. The first thing they saw was a snake. Then, a little further down was a swarm of yellow jackets. They decided that was enough looking, and told Mike to "drop a ball". (This is perfectly legal--in this case, the rough area, which is a "hazard", incurs a one stroke penalty.) A very wise decision, guys. We had a nice turnout of 41 golfers. The format of play was "Two Best Ball Foursome". Here are the results.
