## Adopt-A-Highway

**January 11, 2012** - We had a busy return to the litter wars. 12 litter magicians made 32 bags of debris disappear. In 10 1/2 years we have cleared 2803 bags of stuff from Highway 85 North, Blossom Hill Road to Almaden Expressway.

**On litter pick-up day** - Doug Dean was cleaning in a narrow canyon north of the Santa Teresa off-ramp and below the Highway 87 on-ramp from 85N. He heard a woof-woof sound that lasted about 3 seconds and then a scraping sound followed by a crashing sound. A van taking the 87 on-ramp above Doug had crashed in the guard rail and stopped.

Doug climbed up to the scene and a very nervous young woman (new driver) was sitting behind the wheel. Her passenger (probably her mother) explained that the van was out of control and the young driver had over corrected. The mother said she couldn't get out of the van because she thought she had a broken ankle.

Another man at the scene was calming the van occupants. His vehicle was stopped about 100 feet further toward 87 at the far side of the road. Doug thought the other man was involved in the accident, but it turned out he was a Good Samaritan.

The Good Samaritan checked the vans tires on one side; Doug checked them on the other. The tires were OK and we got the driver to pull away from the guard rail and park on the far side until she felt like driving to a safer place. About five minutes later the van was on its way with some damage to the front end and the driver's side.

**Day after litter pick up day** - Bank robbers crashed in our area. That closed the freeway for hours. The picture in the newspaper showing the wrecked getaway car also shows a couple of our litter bags along the guard rail. This happened at 11:30 AM, 24 hours after we had left the day before.

**Tribute and thanks** - We say goodbye and thank you to Nick Clasen, a retiring volunteer litter warrior of many years. He is retiring due to health reasons. When Nick didn't feel up to litter collecting he would bring his litter mates coffee and donuts.

**Money** - \$1.03, a dollar bill and 3 pennies.

**Tailgate** - Leftover cookies from the annual meeting; don't worry, they had been frozen.

Schedule: Meet in the VTA Parking Lot 8:45 AM,

Thursday, February 9 and Wednesday, March 14

## Hikes and Camping

### Hike: Shoreline Park

Friday, February 24, 2012, 10:00 AM

Time for another flat but scenic hike, this month at Shoreline Park in Mountain View. We'll be walking about 6 miles on paved or gravel trails, so good athletic shoes will be sufficient. We hope to see many varieties of waterfowl in the marshy wetlands.

After the hike, we will have lunch on the patio overlooking Shoreline Lake. This time you have a choice of bringing your lunch or buying it, as there is a café where you can purchase lunch if you like.

To get to the Shoreline Lake parking lot where we will be meeting, travel north on Highway 101 or Highway 85 toward San Francisco, and exit at Shoreline Boulevard. Make a right turn at the stoplight onto N. Shoreline Blvd. heading east. Stay on Shoreline, going past the guard shack at the entrance to the park and continue till the road ends at the lake and boathouse. Don't forget your water, and lunch if you prefer not to buy at the café. Heavy rain cancels the hike.

## Letters to the Editor

Dear Editor:

The **Tech Musuem of San Jose** is Actively Seeking Additional Volunteers

The Tech Museum, in downtown San Jose, is currently seeking volunteers. IBMers have a reputation at The Tech as being outstanding volunteers. I volunteer at The Tech, and as an IBMer (retired 2009) I want to share some of my experiences in the hope that other IBMers would consider offering their services.

When I first started, I was proud to see that IBM was one of the several companies in the late 90's that helped establish the museum it is today: a unique, engaging, and hands-on kind of place. IBMers have been volunteering at The Tech since the very beginning and I often run into fellow IBMers while working there. When I was considering where I might volunteer I thought about what I had to offer. As a software engineer at IBM and a "techie" in general, an assignment that leveraged my technical background came to mind. Yes, I could have found a charitable organization where I could help keep their computers running but what I really wanted to do was excite and motivate younger people to consider science and technology as a career. Well, that is what The Tech is all about.

The Tech has over a half million visitors a year, and over 100,000 are from school groups. But the museum doesn't have enough volunteers, and The Tech, unlike many other museums, cannot operate without its volunteer workforce which is nearly 500 strong. As a volunteer you are on the front line motivating the technical and science education of our youth. I can't tell you how satisfying it is to see a young person light up with excitement about something that I helped them experience at The Tech. That is why I am there. It is as simple as that. Though I am retired, there are people with full time jobs who volunteer there as well. The Tech is open weekends and they often have special evening events, which allow volunteers with day jobs to help out. I recently worked at an evening event with 1200 Googlers! It was a blast.

If you think you might be interested go to [www.tech.org/about/volunteer](http://www.tech.org/about/volunteer) and check it out. If you apply you will be invited to an informational meeting where you can learn more and decide if volunteering at The Tech is right for you.

## WANTED: VOLUNTEERS For "ENGINEERS WEEK" SCHOOL Visits

Looking for an opportunity to go "Back to School" and try your hand at teaching? We have 244 teachers waiting for your signup.

Why not take advantage of National Engineers Week (EWeek)?

EWeek ([www.eweek.org](http://www.eweek.org)), founded in 1951 by NSPE, is dedicated to raising public awareness of engineers' and scientists' positive contributions to the quality of life. It promotes recognition among parents, teachers and students of the importance of a technical education and a high level of math, science, and technology literacy, and motivates youth to pursue engineering careers in order to provide a diverse and well educated engineering workforce.

The 2012 week is "officially" February 19-25. (Note: visits to schools need not all take place during the Feb. 19-25 time period.) The program needs enthusiastic volunteers (employees and alumni / retirees) who are interested in presenting information about technical careers to young students at their school; volunteers with the willingness to share personal experiences related to academic choices and careers to encourage all students to study math and science.

All it takes to get involved is one hour of volunteer time at a school and a willingness to share your expertise and experience with local students --- you pick the grade, kindergarten all the way up to 12th grade. You don't need to have an engineering or technical background, but you DO need a passion to inspire kids to seek careers in science and engineering. You will be able to plan classroom visits to fit your schedule.

We provide volunteers with Powerpoint Eweek presentations, free educational activity kits and class giveaways. For more information on the resources available contact Bev Baker ([bevbaker@us.ibm.com](mailto:bevbaker@us.ibm.com)) or Lynn Guest ([lguest@us.ibm.com](mailto:lguest@us.ibm.com)). To sign up for an EWeek school visit go to <http://www.svec.org/DiscoverE/engrsnup.html> (**Search Criteria:** County, School, City, Zip, Teacher, Subject, Category)
